

The 2009 Annual Fall Update/Working Together Seminar was held on Friday the 13th of November at the Quest Center in Columbus. 86 members, non-members and member's staff attended the 7 hours of continuing education. The IRS speakers were presented in the morning and after lunch a motivational speaker entertained, before the State of Ohio finished the afternoon.

This annual event will be held at the same location on Friday, November 19th 2010. Mark your calendars now. Information will be available in the fall.

If you have an ideas for speakers or topics you would like to see presented, please feel free to contact myself or Lisa Vivans. We always welcome comments and want to try and present topics of interest.

Kay Hill, EA
